Addition to product range AROA black

Efficiency and sophistication in convincing

The AROA mounted lamp with integrated control gear is now available in elegant black. With its high-quality anodised surface, it sets characterful accents in interior design. Whether in a black and white concept or in combination with any colour, the filigree lamp is an eye-catcher with its clear design language.

Contemporary LED lighting

With AROA, conventional linear fluorescent lamps can be easily replaced by an energy-efficient lighting solution with a long service life. Soft, diffuse and all-round light creates a pleasant atmosphere. An optional perforated sheet metal diffuser ensures perfect glare control. Available in lengths of 600/900/1200 and 1500 mm.
